

Business Continuity Plan

Bank Street Partners and BSP Securities (together “The Company”) plan to quickly recover and resume business operations after a significant business disruption (SBD) and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm’s books and records, and allowing our customers to transact business. In short, our company’s Business Continuity Plan (BCP) is designed to permit us to resume operations as quickly as possible, given the scope and severity of the SBD. The BCP addresses: data back-up and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business. For more information on BCPs enacted by our various business partners, please contact the entity directly at the telephone number provided on your statements.

Significant Business Disruptions

The Company’s plan takes into account two kinds Significant Business Disruptions, internal and external. Internal SBDs affect only the Company’s ability to communicate and do business, such as a fire or loss electrical power in the office or building. External SBDs prevent the operation of the securities markets or a number of firms, such as a terrorist attack, a natural disaster, or another event that causes a wide-scale, regional disruption in essential services.

Internal SBDs

In the event of a disruption in the Company’s business operations due an internal SBD, the Company will attempt to continue to conduct business as usual by utilizing alternative communication methods (if available), such as the Internet, cell phones, etc., or by moving its operations to an alternative location. If personnel or operations must be moved to an alternate location, the Company anticipates that it will resume regular operations as soon as personal can access the alternate site.

External SBDs

In the event of a disruption in the Company's business operations due to an external SBD, the Company will attempt to continue to conduct business as usual by moving its operations to an alternative location outside the affected area, if possible, or by providing customers with alternative communication arrangements, as indicated below, to conduct business. The Company will attempt to resume business and keep its customers informed regarding relevant events to the best of its ability based on the circumstances. In all cases, the Company will resume normal business operations as soon as it is able to do so, based on the type and the extent of the disrupting event. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

Communications

In the event you are unable to reach the Company at our main number, please proceed as follows:

1. Access the Company's website at www.BanksStreetPartners.com
2. Contact the business partner directly at the number listed on your most recent statement.
