

# UTILITY SERVICES GAS SERVICES

RECONN performs walking and mobile gas leak surveys utilizing state of the art equipment and advanced technology.

## PROTECT & MAINTAIN YOUR GAS INFRASTRUCTURE

The core objective while performing these surveys is to protect life, property of the public and the utility's customers from any system anomalies as well as to maintain the integrity of the gas distribution system.

A  COMPANY

### MAINTAINING INFRASTRUCTURE

Nationwide, utility companies depend on our experienced teams and superior technology to survey the integrity of their assets and to protect and manage their infrastructure. Reconn provides the necessary detailed data to improve upon your infrastructure for the long term. Reconn is a USIC, LLC. company.
