- Second quarter adjusted EBITDA was \$32.1 million compared to \$15.1 million in the second quarter in the prior year.

Joe Redling, StoneMor’s President and Chief Executive Officer said, “The second quarter continued to build upon the momentum from the second half of 2020 and the first quarter of 2021, with top-line revenue growth of 25% and more than a \$17 million increase in our adjusted EBITDA year-over-year. We continue to deliver strong cemetery sales production results, with 26% growth in pre-need cemetery sales production.”

## LIQUIDITY UPDATE

As of June 30, 2021, the Company had \$107.0 million of cash, including \$16.6 million of restricted cash, and \$391.4 million of total debt.

“We have made great progress towards our previously announced guidance targets for organic growth in our trusts and unlevered free cash flow,” said Jeff DiGiovanni, StoneMor’s Senior Vice President and Chief Financial Officer. “For the six-months ended June 30, 2021, we generated \$58 million in trust growth and \$26 million in unlevered free cash flow, against \$50 million and \$40 million annual targets, respectively. This is a testament to the success of our transformation plan and the hard-work of every member of the StoneMor team.”

Redling added, “While the successful execution of our turnaround strategy was an important step, it was only the first phase of the StoneMor transformation. We are on the right trajectory and have the tools and team in place to execute on the next phase of our transformation – which is already in full force – a continued focus on growth.”

### *Cautionary Note Regarding Forward-Looking Statements*

*Certain statements contained in this press release, including, but not limited to, information regarding continued implementation of the Company’s transformation, are forward-looking statements. Generally, the words “believe,” “may,” “will,” “estimate,” “continue,” “anticipate,” “intend,” “project,” “expect,” “predict” and similar expressions identify these forward-looking statements. These statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995.*

*Forward-looking statements are based on management’s current expectations and estimates. These statements are neither promises nor guarantees and are made subject to certain risks and uncertainties that could cause actual results to differ materially from the results stated or implied in this press release. StoneMor’s major risks are related to uncertainties associated with current business and economic disruptions resulting from the ongoing*

*coronavirus pandemic, including the effect of government regulations issued in connection therewith, its ability to identify, and negotiate acceptable agreements with, sellers of additional properties, uncertainties associated with the cash flow from pre-need and at-need sales, trusts and financings, which may impact StoneMor's ability to meet its financial projections and service its debt, as well as with StoneMor's ability to maintain an effective system of internal control over financial reporting and disclosure controls and procedures.*

*When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements set forth in StoneMor's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q and the other reports that StoneMor files with the Securities and Exchange Commission, from time to time. ### **Non-GAAP Financial Measures**

This release includes certain non-GAAP financial measures, including adjusted EBITDA and unlevered free cash flow, which are intended as supplemental measures of the Company's performance that are not required by or presented in accordance with GAAP. All business results presented in this release are not prepared in accordance with Article 11 of Regulation S-X.

Management uses these non-GAAP measures internally to evaluate and manage the Company's operations and to better understand its business because they facilitate a comparative assessment of the Company's operating performance relative to its performance based on results calculated under GAAP. These non-GAAP measures also isolate the effects of some items that vary from period to period without any correlation to core operating performance and eliminate certain charges that management believes do not reflect the Company's operations and underlying operational performance. The Compensation, Nominating and Governance Committee of the Company's board of directors also uses certain of these measures to evaluate management's performance and set its compensation. The Company believes that these non-GAAP measures also provide useful information to investors regarding certain financial and business trends relating to the Company's financial condition and operating results and facilitate an evaluation of the financial performance of the Company and its operations on a consistent basis. Providing this information therefore allows investors to make independent assessments of the Company's financial performance, results of operation and trends while viewing the information through the eyes of management.

These non-GAAP measures are subject to limitations. The non-GAAP measures presented in this release may not be comparable to similarly titled measures used by other companies because other companies may not calculate one or more in the same manner. Additionally, the non-GAAP performance measures exclude significant expenses and income that are required by GAAP to be recorded in the Company's financial statements; do not reflect changes in, or cash requirements for, working capital needs; and do not reflect interest expense, or the requirements necessary to service interest or principal payments on debt. Further, our historical adjusted results are not intended to project our adjusted results of operations or financial position for any future period. To compensate for these limitations, management presents and considers these non-GAAP measures in conjunction with the Company's GAAP results; no non-GAAP measure should be considered in isolation from or as an alternative to net income, earnings per share or any other measure determined in accordance with GAAP. Readers should review the reconciliations included below, and should not rely on any single financial measure to evaluate the Company's business.

A reconciliation of each non-GAAP measure to the most directly comparable GAAP measure is set forth below (in thousands):
