# On-the-Job Training

The **On-the-Job Training (OJT)** program helps employers attract and retain employees who don't possess the skills needed to perform in a specific position. OJT reimburses 50-75% percent of the employee's salary during the designated training period.

## DESCRIPTION

---

The On-the-Job Training (OJT) program provides reimbursements to employers to help compensate for the costs associated with skills upgrade training and loss of production for newly hired employees. OJT can assist employers who are looking to expand their business and need additional staff trained with specialized skills. OJT employers may receive reimbursement of 50-75% of the wage rate of OJT trainees to help defray personnel training costs.

## FUNDING

---

The program is funded by the Workforce Innovation and Opportunity Act (WIOA) under the leadership of WorkSource Cobb (formerly CobbWorks). The maximum funding per participant is \$8,000.
