Cleaning is the first step the CDC recommends for the prevention of COVID-19 and other viral respiratory illnesses!

BENEFITS

Zerorez Commercial Program

- **20% off** all additional services (non-carpet).
- **Free application** of Zerorez® **Fiber Protection**.
- **Free Zerorez® Spot Remover** to use between cleanings.
- **15% VIP discount** for Employees on home cleanings.

Save Money — By addressing areas as needed, only pay for the cleanings that are necessary. No overpaying for areas that don't need it.

Consistent Appearance — No area is allowed to go “too long” between cleanings. The timing is just right to keep the entire facility looking good.

Budget Planning — Monthly cleaning expenses are known upfront. We can even build a flex plan around budgets to account for any seasonality in your business.

Confidence — Our effective and eco-friendly cleaning process is Platinum Rated by the Carpet & Rug Institute (CRI).

Regular or Annual Flex Scheduled Cleaning

Scheduling — Each cleaning can be scheduled for the entire year. Our commercial staff handles scheduling, cleaning, and follow-ups based on your needs. Your floor care becomes one less thing to worry about.

Various zones can be scheduled weekly, monthly, quarterly or annually—based on your needs. Our commercial cleaning specialist will work with you to find the best solution for your facility.

Quality Control — With regular follow-ups you are assured the maintenance plan is performing to your standards. Your commercial account representative will work with you should any cleaning process needs adjustment. High traffic zones can be targeted more often.

Flooring Surfaces

Nearly every commercial setting has different flooring surfaces, and a maintenance program needs to address each specific floor. Many factors contribute to the overall cleaning needs and maintenance requirements.

Type of Flooring

- carpet
- tile
- stone
- hardwood

Conditions

- use of facility
- number of occupants
- soil type
- budget

Solution to CLEAN, SANITIZE and DISINFECT

We can clean, sanitize and apply disinfectant to all surfaces in your office including hardware with approved EPA sanitizer and disinfectant. As a courtesy we will also clean, sanitize and disinfect your door knobs and bathroom hardware.
